The attendance of museums and galleries

Introduction

Gr This report is devoted to the topic the number of visitors of museums and galleries. I would like to draw your attention on British national museums and galleries. PK3 28

General information

Gr We can see from the source which is given that the number of visitors of British Museum, National Gallery and Tate Gallery is rising from 2013 to 2017. At the same time the number of people who attitude respectively to history and science reduced in two times from 2013 to 2017. lex Gr 78

Comparisons

We can understand from the information we have that the number of visitors of British museum rocketed from 2.6 mln in 2013 to 5.6 mln in 2017. While the number of attendances of Science museum fell from 3.8 mln in 2013 to 1.6 mln in 2017. Moreover, we can see that British Museum is more popular than Science Museum among people. 738

Recommendations

Gr Gr Gr There are different ways to increase the number of visitors. Museums and galleries can introduce special discounts for children and students. Furthermore, they can organized free master-classes and activities for people of all ages. These will appeal to every person and rate of attendances will increase. 189

Conclusion

Gr Gr As far as I am concerned people become more interested in museums and galleries and their eager to knowledges will up the attendance of these kinds of places. 112
